Re: Notice of Non-Compliant Amendment, Application # 10/695,527

Dear Sir,

This communication is in response to the Notice of Non-Compliant Amendment mailed on 06/09/2008. Appropriate correction has been made to present the Specification amendments in the appropriate format and to add status identifiers to all claims.

The entire Amendment has been reprinted since the addition of whole amended paragraphs to the "Amendments to the Specification" section added an extra page to the document.

I spoke with Deborah Nash on 07/08/2008 and she verified that the enclosed changes were appropriate and satisfactory.

Thank You,

*Richard A. Hines*
